Profile

The skills I have acquired as a graduate of the Code Institute and Edinburgh Napier University; combined with my experience working in the Community Psychology settings gives me a unique set of qualifications and skills. For example, Community Psychology gives me insight into how UI design needs to be simple for the non technically minded user.

Skills

HTML5, CSS, Bootstrap, Python including Django and Flask Frameworks, jQuery, JavaScript, GitHub, AngularJS, MySQL and SQLite, d3.js and dc.js. Integrating and working with a wide range people of varying abilities and backgrounds both in the United States and Ireland.

Experience

QA Tester, Open Sky Data Systems; Naas, Kildare – 9/2017-11/2017

Contract as a QA Tester. Responsible for translating System Requirement Specifications into Test Cases for Unit Testing and logging Bug Reports. Collaborating with Developers and other Team members using Jira and Confluence to insure that projects are delivered to highest quality standards.

Social Care Worker, Kare; Newbridge, Kildare – 2003-2016

Improved Rostering and Medication administration procedures and forms while simultaneously working on a team of Care Workers caring for people with intellectual disabilities and challenging behaviour.

Supportive Employment Specialist, Hospitaller Order of St. John of God;
Bluebell, Dublin 12 – 2002-2003

Supported individuals with Intellectual disabilities to obtain and succeed at Jobs in their Community.

Quality Assurance Manager II, AHRC-MSU Unit; New York, NY, USA – 2001-2002

Supervise a Team of Service-Coordination as they implemented Individualised Service Plans and insured that they were compliant with the NYS-Medicaid Waiver Program.

Intensive Behaviourist-Independent Living Skills Trainer, Altamount TBI Program;
Menands, NY, USA – 1998-2000

Independent Living Skills Training and Intensive Behaviour Counselling for people with Acquired Brain Injury and Substance Abuse Issues.

Community Resource Trainer, AHRC-TBI Services; New York, NY, USA – 1994-1998

Trained people with Acquired Brain Injury to access the Community.
